

International Conference on Statistics, Probability, Data Science and Related Areas

ICSPDS2023

In conjunction with

**42nd Annual Convention of
Indian Society for Probability and Statistics (ISPS)**

Jointly organized by

Department of Statistics
Cochin University of Science and
Technology (CUSAT)
Cochin 682 022, Kerala, INDIA

and

Indian Society for Probability
and Statistics

**January
04-06
2023**

**Cochin University of Science and Technology,
Cochin, India.**

The conference aims to bring together National and International academics, researchers, and students dedicated to Statistics to a common platform for exchanging their ideas and discuss the latest developments in the broad field of applied statistics and probability theory. The important objective of the conference is to expose and attract young researchers to this steadily growing area. The organizers are also planning to have around 40 invited sessions with reputed statisticians. The intention of conducting the conference is to develop new collaborations and meet subject experts to explore their fruitful contributions and novel applications on “**Statistics, Probability, Data Science and Related Areas**”. The results are expected to encourage the delegated researchers to be creative and to put forth remarkable and productive research outputs.

CONFERENCE TOPICS

- | | |

ABOUT THE UNIVERSITY

Cochin University of Science and Technology (CUSAT) was established in 1971, located in Kochi (Cochin), is a major port city on the Malabar Coast of India, Ernakulum, Kerala. CUSAT has consecutively been figured in the Times Higher Education World Ranking since 2017. The Times ranks around 1500 best universities worldwide annually with around 60 universities from India out of 967. CUSAT has also found a place in the QS World University Ranking and the National Institutional Ranking Framework (NIRF) of the Indian Government. During the intervening four and half decades, CUSAT has made quantum leaps in its academic pursuits and has spread its wings far and wide, encompassing the novel and emerging realms of the horizon of knowledge. The University has entered into several collaborative ventures with reputed Universities and Institutions worldwide. Scores of National and International academic discourses, seminars, workshops, etc., are held in the University every year, providing opportunities to the student community to update themselves in their respective fields of study. CUSAT has bagged the prestigious Chancellors Award for best multidisciplinary Universities in the State three times in the years 2017, 2019 and 2020.

ABOUT THE DEPARTMENT

Department of Statistics is one of the leading University departments in India and is committed to advancing knowledge and learning through teaching and research in Statistics. The University Grants Commission (UGC), Government of India has identified this department as an advanced centre in Statistics under its 'Special Assistance Programme (SAP)' at DRS level III. The Department of Statistics is supported by the Department of Science and Technology (DST), Government of India under the 'Fund for Improvement of S & T Infrastructure (FIST) scheme. The Department offers an M.Sc degree programme in Statistics, M.Tech. in Data Science and Analytics and research leading to the PhD degree. The Department is actively engaged in research in the fields of both theoretical and applied areas of Statistics.
